

CIMA-LSAMP

Undergraduate Research Program

The CIMA-LSAMP Program has entered into a partnerships with the University of Texas at San Antonio and Texas A&M University – San Antonio to provide undergraduate research opportunities for a 10-week program during the Summer of 2015. Faculty from each institution in the areas of biology, chemistry, computer science, engineering, geological science, and physics have agreed to mentor students from Alamo Colleges and allow them research participation in their laboratories.

Requirements for Applicants:

1. Current student of the Alamo Colleges
2. STEM (Science, Technology, Engineering, Math) student
3. Minimum GPA of 3.0
4. U.S. citizen or permanent resident
5. 18 years of age or older

To access the program application, go to the URL listed below or scan the QR code using your mobile device.

Students with additional questions regarding the CIMA-LSMAP Program can go to www.alamo.edu/CIMA.
